# GMS Clear 7 Day Pill Reminder

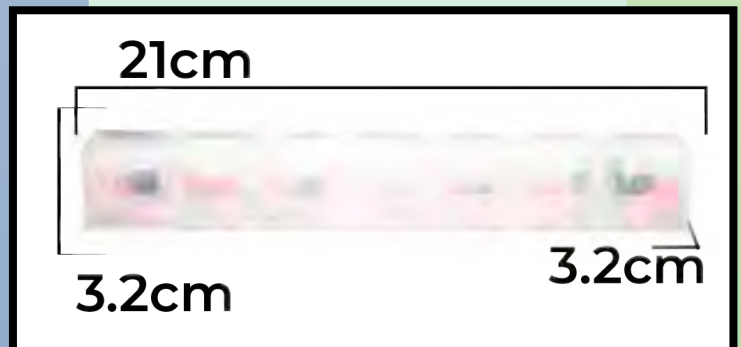

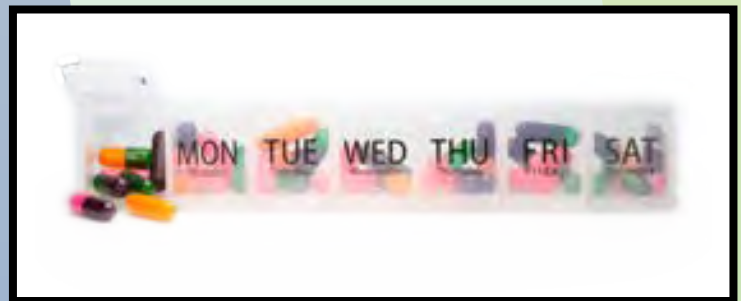

We would like to introduce you to **The GMS Clear 7 Day Pill Reminder** which is our most user friendly pill organizer on the market. In the past, we have had a lot of success with a similar 7 day unit, and we thought it was time that we manufacture our own. Through research and customer feedback, we've made this pill case better than ever.

We took the classic design that is very popular and gave it a much needed latch improvement. The latches snap tightly closed to make sure that the users pills stay secure and to prevent any medication and vitamins from spilling inside a user's briefcase, purse, suitcase, or any other travel bag. The latch is also simple to open with the push of your thumbs, making it ideal for those with arthritis or weak hands.

The second big improvement is the use of large bold text. Instead of using symbols, which can be confusing, the days of the week are represented in large text. This will be very helpful for people that may be vision impaired.

The interior of the Pill Reminder has a rounded edge that will allow the user to easily access their medication. This will eliminate any pill retrieval struggles that a user might have.

## Item Specifics

**Sku:** GMS30170

**Individual Compartment Dims:**

1.26" x 1.26" x 1.26"

**Product Dims:** 8.3" x 1.26" x 1.26"

# GMS 7 Day AM/PM Rainbow Pop Out Pill Pod Organizer

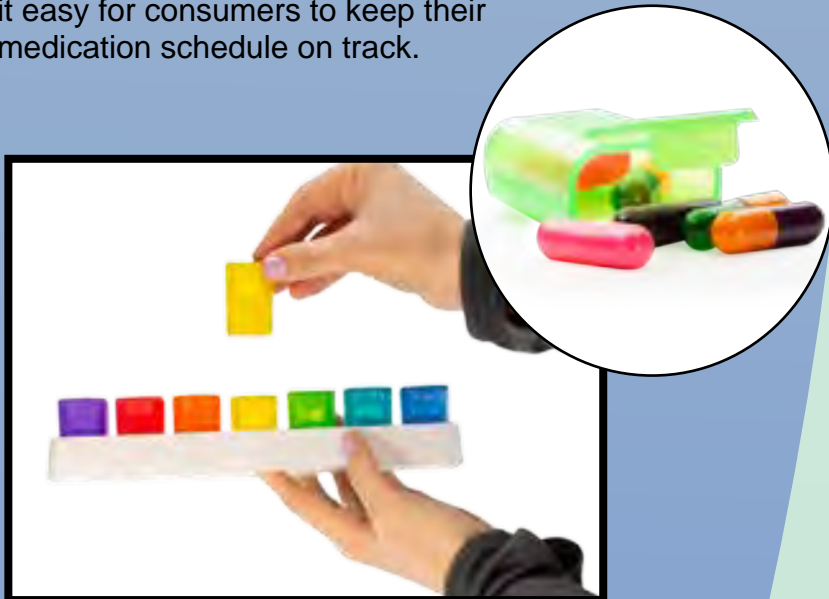

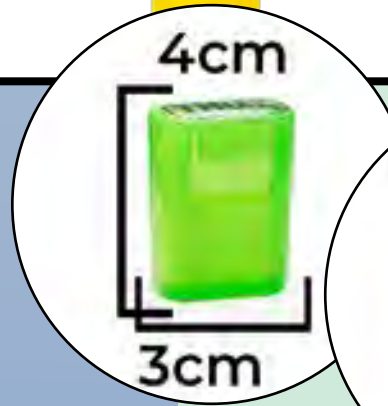

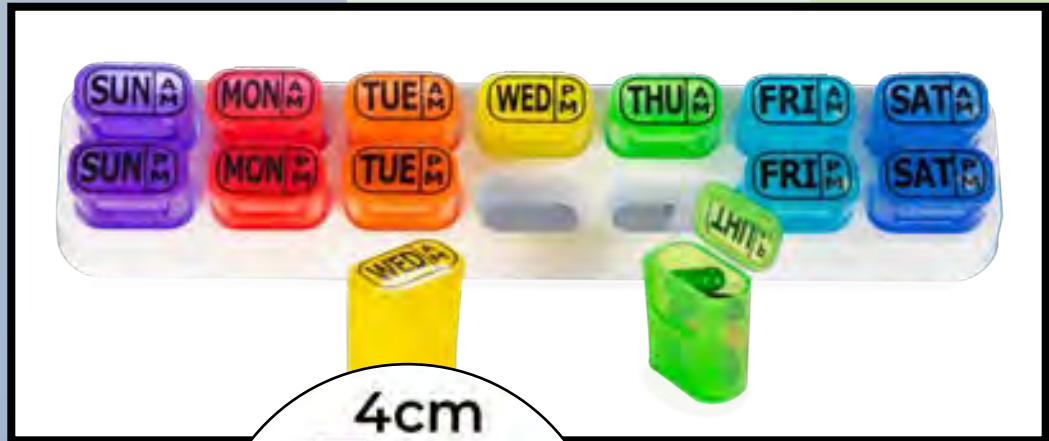

**GMS 7 Day AM/PM Rainbow Pop Out Pill Pod Organizer** features 14 individual pill pods (two for each day of the week) made from transparent plastic. Each pod is marked with AM/PM text for each day of the week, making organization simple.

Each pod holds approximately 10 aspirin sized tablets. The individual pods pop out of the white tray and taken on-the-go. The compact size makes them easy to carry in a pocket, purse, or bag.

These new AM/PM pocket pill pods have an improved lid and latching system to keep medication secure, ensuring pills will not spill while traveling.

The rainbow design is eye-catching and combined with the bold labels makes it easy for consumers to keep their medication schedule on track.

## Item Specifics:

# GMS 31 Day Rainbow Pop Out Pill Pod Organizer

**GMS 31 Day Rainbow Pop Out Pill Pod Organizer** features 31 individual pill pods (one for each day of the month) made from transparent rainbow plastic. Each pod holds approximately 10 aspirin sized tablets and is nestled snugly within a solid white tray.

The pocket pill pods in this tray are now more durable and come with an improved latching system for storing medication. The plastic used in our new 31 day pill organizer and pill pods has a smoother feel than our previous editions of the product which provides a noticeable upgrade in quality. With the Pill Pods, you can take just what you need for the day.

These new 31 day pocket pill pods have an improved lid and latching system to keep your medication secure. The pocket pill pods easily pop out of the tray for medication management on the go. The **GMS 31 Day Pocket Pill Pods** now comes with three extra replacement pods.

# GMS Three Times a Day Rainbow Pill Tray

## GMS Three Times a Day Rainbow Pill Tray

The 3-Times-a-Day Flat Tray Pill Organizers from GMS are easy to use, come in a variety of colors and are among the most popular of pill organizers on the market. Consumers appreciate the ability to remove single daily pill boxes from the tray and take them on-the-go.

The daily pill boxes can easily fit into a purse, bag, or backpack, making travel a breeze. Each compartment lid contains the abbreviated day of the week, braille equivalents, and MORN, NOON, and EVE to help keep medications organized. Made from durable plastic, each single mold pill box has 4 compartments that are easy to open and snap shut. Compartments can accommodate 10-12 aspirin sized tablets and can hold even the largest pills in smaller quantities. A contoured bottom makes pill removal easier for fingertips.

## Item Specifics:

# GMS Four Times a Day Gasketed Rainbow Pill Tray

**GMS Four Times a Day Gasketed Pill Tray** Keeps medication airtight. Pills and vitamins can be a breeding ground for bacteria when exposed to dampness. Prevent damaging moisture by keeping your pills and vitamins secured inside an airtight pill box with a silicone gasket seal.

The spacious compartments accommodate all pill shapes and sizes and the daily boxes are color-coded for better organization and easy identification. This is just one of the many features this pill box has which makes it a must-have.

Every compartment is clearly marked with the time of day medication should be taken. They are set up for a four-times-a-day pill routine and labeled MORN, NOON, EVE, BED.

Daily pill boxes are made from thick, durable plastic with strong latches ensuring your pills and vitamins won't spill while traveling.

Easily organize an entire week's worth of pills or vitamins. Easily remove each box to fill and place back in the carrying case to keep pills

## Item Specifics:

# GMS 12 Compartment Gasketed Pill & Vitamin Organizer

The **GMS 12 Compartment Gasketed Pill and Vitamin Organizer** is perfect for storing large quantities of pills. A silicone gasket recessed in the lid fits tightly against the box walls when closed, making the box airtight.

High humidity areas like a kitchen or bathroom can allow moisture to creep into most pill bottles, chemically altering vitamins and reducing potency. The silicone gasket on this pill organizer helps improve the life-span of vitamins and supplements by keeping moisture out.

Two flip-tab latches keep the lid securely closed and airtight. Each of the compartments feature a contoured bottom, making pill removal easier. Two removable tabs allow the 12 compartments to be converted to ten with two larger compartments for extra pills or other items.

**2 Removable Dividers**

**2 Flip-Tab Latches**

## Shrink Sleeve Packaging

# GMS Rainbow Tritan Stackable Pill Reminders

This **GMS Rainbow Tritan Stackable Pill Reminders** is ideal for organizing your medications, pills, and supplements and taking them on-the-go! Made out of tritan plastic (which is crack resistant), this case is now stronger than ever!

This pill case can easily withstand the wear and tear of daily use and travel to keep your pills safe. The compact size allows for easy storage and travel. Each of the seven compartments can be unscrewed from the stack, allowing consumers to take the exact number of compartments they need. With an extra lid and seven adhesive labels, consumers can easily organize their medication.

The stackable design, compact size, and durable Tritan material make this the ultimate travel pill case. The rainbow design has become the most popular among consumers!

# GMS Toothpaste Winder

The **GMS Toothpaste Winder** is a welcome companion to any toothpaste tube. Made from durable BPA food-grade plastic, this tube winder is made to work great with just about any small tube to make sure none of the contents of the tubes are wasted.

Unlike other cheaper winders, this tube winder is very durable and can accommodate toothpaste tubes, medication creams, and other pastes or gels in a variety of squeezable tube sizes.

Each winder includes a hanger loop to accommodate a wire hook for hanging the tube near a bathroom sink.

**2 1/2" Opening**

# GMS Prefilled Syringe Protectors

**GMS Pre-filled Syringe Protectors** are a convenient and safe way to carry a pre-filled syringe, allowing consumers to take the right dose of medication with them on-the-go.

Made for short term storage when traveling, GMS pre-filled syringe cases use a graduated slot system to prevent accidental plunger movement. The cases hold most U-100 syringes. Durable and impact resistant, pre-filled syringe cases are ideal for transporting and protecting vital medications.

The compact size allows the case to easily fit in a purse, bag, or backpack. Retail packages include one white and one black for keeping track of morning and evening doses.

The Premier Diabetic Travel Bag

# ChillMed Catalog 2020

**Made for Your Health**

# ChillMed Carry-All Medication Cooler Bag

The **ChillMED Carry-All** is designed for those living an active lifestyle. Made from 600D Polyester, the bag is durable enough to withstand daily use and activity.

The belt bag includes two separate interior compartments, an exterior mesh pocket, double no-snag zippers with soft plastic pulls, and a removable belt strap that can expand up to 60 inches.

The Carry-All is a belt bag that was designed to accommodate insulin or EpiPens, a wallet, feminine hygiene products, test kit items, a smartphone, and other essential items. The bag can be worn like a fanny pack for hands-free carry, making it ideal for even the most active individuals.

# ChillMed Premier Medication Cooler Bag

**ChillMED Premier** was designed specifically for extended travel, the newly re-designed provides cooling for valuable medications for up to 24 hours. The ChillMED Premier has closed cell foam insulated paneling inside a 600D Polyester shell and includes a 24 Oz. freezable Cold-Pax brand gel pack to provide extended cold time during travel.

The Premier has done well among competing diabetic bags because of its affordability, larger size and cold time capabilities. A removable shoulder strap and low profile handle make the bag more versatile. An external mesh pocket accommodates a tablet, paperback or other items and an external pocket on the front of the bag is perfect for airline tickets, phone, wallet, and other small essentials.

The Premier features a mesh pocket to hold a frozen gel pack, 12 elastic bands for pens and vials, 2 elastic bands for lancet and strips, 3 internal zippered mesh compartments, an ID card slot, and a removable zippered case for "disposal" items when a garbage or sharps container is not readily available.

# ChillMed Micro-Cooler Insulin Case

COOL. NO MATTER WHERE LIFE TAKES YOU.

The Premier Diabetic Travel Bag

The **ChillMed Elite** was designed specifically for overnight travel, the Bag provides ample room for one to two days' worth of medication and other essential items.

The Elite bag features insulated paneling inside a 600D Polyester shell and provides up to 14 hours of cooling time using one 16 Oz. Polar Tech Re-Freez-R Brix foam refrigerant pack. Included is a removable, adjustable shoulder strap and a low profile handle which makes this bag very versatile. The Elite is small enough to use as a personal item or can be packed in carry-on luggage.

The interior features a zippered mesh pocket to hold a frozen gel pack. There are eight elastic bands; five to hold vials and three to hold pens. The other side of the interior features one plastic zippered pouch for larger items and four smaller zippered mesh pockets for storing syringes, meters, test strips, and other essentials. This bag will easily store, organize, and cool essential medications, making travel a breeze.

# ChillMed Type 1 Insulin Case

The **ChillMed Type 1** is the perfect daily carry bag. The bag features two separate compartments: a chilled side and a non-chilled side.

This keeps the bag cooler longer because the cool temperature won't escape when retrieving items from the non-chilled side. There is room for five vials, three pens and the included 6 oz freezable gel pack. Made with a 600 Denier Polyester shell, the insulated chilled side stays between 40° and 55°F (4.5° and 13°C) for up to 6 hours. The non-chilled side includes two fastenable mesh pockets and two elastic straps and an additional slot for test strips to keep your items secure and organized.

The double no-snag zippers on each compartment makes the bag very easy to access when you most need it. This bag allows consumers to confidently carry their daily

# ChillMed Micro-Cooler Insulin Case

The Micro-Cooler from ChillMED is a compact, durable, insulated 600D Nylon bag made to discreetly carry several syringes and keep two vials at a refrigerated temperature for up to 12 hours.

Without refrigeration, some injectable medications can become toxic or lose potency. Consumers who use injectable medications that require refrigeration, want a product that will discreetly protect and chill expensive and vital medications when away from home.

The freezable ice-brick features an inset depression to fit two vials comfortably. A double no-snag zipper and mesh pocket add utility to the Micro-Cooler design. The bag is excellent for common health issues that require refrigerated medications including: Diabetes, Erectile Dysfunction, Hormone Replacement, Osteoarthritis, Migraines, and Infertility.

The freezer pack is removable and can hold two vials. Freezer pack should be frozen for 24 hours before use.

# ChillMed To-Go Medication Cooler

The **ChillMed To-Go Medication Cooler Bag** is a small but versatile addition to the ChillMED line. Made to hold essential items like test kit items, medication pens and vials and easily take them on-the-go.

The To-Go features a single mesh pocket on the exterior of the bag while the interior of the bag features a sweat-proof pocket with an included 3 Oz. freezable gel pack, a mesh pocket for pens or syringes, and a larger main compartment. A removable nylon divider allows for added organization.

The gel pack is intended to keep the bag at or below room temperature for a few hours, making the bag great for important medications that require cooling.

# Cold-Pax Reusable Gel Packs

# COLD-PAX

**Cold-Pax Reusable Gel Packs** are leak-proof, long lasting, and contain a viscous gel refrigerant made with non-toxic ingredients, and packaged in white poly bags.

Cold-Pax brand gel packs are reusable, and come in several sizes. Available in single bulk quantities or in retail packaging, gel packs provide refrigeration for food packing, lunch boxes, medication storage, and other applications that require cold storage.

Cold-Pax can be frozen below zero, and provide approximately 1 hour of refrigeration time per ounce of gel. For example, a 3 Oz. gel pack will thaw completely over a period of 3 hours.

# VitaVault Large Combination Lock Box

# VitaVault™

The **VitaVault Large Combination Lock Box** is designed to help deter unauthorized access to potentially harmful medications.

A sturdy aluminum exterior and all-metal combination lock with emergency backup keys, help these unique lock boxes stand out against the competition. Each box is fitted with skid mark resistant feet and special hinges to prevent over-extension of the lid.

Prescription drug abuse and accidental overdose are unfortunately a real problem. With Riveted steel corner braces reinforce the lock box structure and improve durability. Use at home, the office, school or the workplace to help reduce the potential for prescription drug abuse or accidental ingestion.

## Item Specifics:

**Sku:** GMS30016

**Outer Product Dims:** 12 1/2" x 9 1/2" x 7"

**Inner Product Dims:** 12 x 8 1/2" x 5 3/4"

# The Vitanizer

Six Compartment Pill and Vitamin Organizer

VitaCarry<sup>®</sup>

**The Vitanizer** is a popular product among consumers looking to consolidate pill bottles into a single container. Customers with different medications or supplements will appreciate the time they save no longer having to open individual pill bottles each day. Vitanizer can help maximize cupboard space and is great for the home, gym, or travel.

The single snap-shut tab opening allows both big and small pills to pass. Consumers can remove the lid, fill each section with pills or supplements, and replace the lid easily. Vitanizer's easy-turn lid can be rotated to allow dispensing of pills from each section without being removed. The amber color protects pills from damaging UV rays that can reduce potency or alter prescriptions chemically.

## Item Specifics:

**Sku:** GMS30122

# GMS Squeezable Pill Pouch

*VitaCarry*®

The **GMS Squeezable Pill Pouch** is a quick and easy solution to carrying loose pills in your pockets. Carry medication and vitamins discreetly with this squeezable pill pouch. Easily fit vitamins, supplements, prescription medication, or pain relievers in the travel friendly **GMS** pill pouch. Holds approximately 28 aspirin size tablets.

Consumers can take all their daily medication and supplements on-the-go without carrying large pill cases or a prescription pill bottle. It fits discreetly in pockets, purses, computer bags, clutch bags, belt bags, and more.

It is compact and perfect to store daily medication or any small items. Made of soft rubber plastic that can be nestled in a pocket, purse, bag or backpack.

Simply pinch the base and the pill pouch will open. The pouch can easily be opened and closed by pressing the tabs together, but the pouch will not pop open in pockets or bags. This pill pouch is small and discreet, making it the perfect daily pill case.
